Sir:

This IDS is filed in the application identified above pursuant to 37 C.F.R. § 1.56.

The cited reference disclosed herein was cited during prosecution of a co-pending Japanese application not more than three months prior to the filing of this supplemental Information Disclosure Statement. No representation is intended that a complete search has been made of the prior art or that no better art references than the references cited in the IDS are available.

The filing of this IDS shall not be construed to be an admission that the information cited in the IDS is, or is considered to be, material to patentability as defined in §1.56(b).

The cited reference is believed not to disclose or suggest the invention recited in the claims of the above-identified application. It is therefore believed that the claimed invention is patentably distinguishable over the cited reference.
